

All About Us

Joanna Laulette is the name and face of Coco & Bailey. She began her career as an Assistant Product Developer for Boys Knits for "Little Me" by Ralph Lauren Childrenswear in Manhattan New York. While learning textures, fabrics, colors and styles, she developed her sense of design thru floral arranging for friends and family.

It became her passion.

After designing for several years and with the influence of her sisters, her genuine passion has created a loyal following of clientele.

Named after her two dogs, Coco & Bailey is blossoming into one of Northern NJ's sought out find.

With a lot of attention to detail and boutique style of design, Coco & Bailey reflects a style of beauty... naturally, classically and romantically.
